

This Monday we held our first **c3 Open House** and presented **c3 VisionLAB 2010 State of the Arts** to our community for the first time. It was an overwhelming response both in terms of participation as well as feedback on the project and our work with **c3** in general. The project is starting to get some legs now. We are currently preparing the outline, call to the arts, the event schedule and more.

The website will be online soon with tons of information for and about all the participants in this exciting adventure...

The next **c3 Open House** will take place soon and we are planning to have them on a regular basis. Check out the [events calendar](#) for more information.
